

# VOLUNTEER WITH YSC

“I would do anything for YSC because of the support they provided for my daughter.”

–Jose, volunteer and father of Kayla, who was diagnosed at 22

# VOLUNTEER

## ABOUT YSC

Young Survival Coalition (YSC) was founded in 1998 by three young women who were under the age of 35 when diagnosed with breast cancer. They were discouraged by the lack of resources available and the underrepresentation of young women in breast cancer research. Today, YSC is the go-to organization for young women facing a breast cancer diagnosis.

## WHO CAN VOLUNTEER?

Anyone can get involved! Our volunteer program is designed to fit your schedule and interests. There are many fun, easy ways to share your passion, time and talent – or even acquire a new skill. Make a difference in the lives of young women affected by breast cancer by volunteering for YSC!

## HOW CAN I GET INVOLVED?

We created our volunteer opportunities with you in mind – they fit a variety of schedules and interests.

### Join the Movement

Raise awareness that young women can and do get breast cancer. Share your story or represent YSC at a local health fair or community event. Train to become a YSC State Leader or learn how to be an advocate.

### Support Survivors

Pay it forward by supporting and empowering young survivors. Attend or start a Face 2 Face networking group near you, train to be a peer mentor and more.

### Fundraise

Host a fundraising event, celebrate a momentous occasion, ride in Tour de Pink, make a donation or attend a YSC fundraising event!

## HOW DO I SIGN UP?

Check out [youngsurvival.org](http://youngsurvival.org) to register, view current volunteer opportunities and start making a difference today!

“Being able to spread the word about YSC has been a fantastic experience. I have been able to reach out to survivors and their families in not only my community but the surrounding communities, as well.”

– Heather, YSC volunteer, diagnosed at 28
